

CROSS 405

The Cross 405 is a so-called crossover kayak, which means it can be paddled almost everywhere, at sea and in rivers or lakes.

Its short length makes it easy to manoeuvre, even in small rivers, thus the Narak line of its bow and its particular stern makes it seaworthy.

With a 10 minutes assembly time, this aluminum framed kayak is light on the shoulder and can be packed in campers or yachts.
