

## CROSS 475 TANDEM

The Cross 475 share the same qualities as its smaller brother the single seater Cross 405 : ease of assembly, paddling ability and lightweight package.

The frame has 5 aluminum tubes and is assembled in 10 minutes. You slide the frame into the skin thanks to the long zipper on the rear deck. You have also easy access to the gear inside the kayak.

The Cross 475 has a long cockpit coaming of 224 cm, so that all kind of paddlers up to 1,90 m can be accepted. With a beam of 77 cm, it is a stable kayak yet agile for day outings.
