

## NAUTIRAID TUILIQ

Tuiliq Nautiraid has been developed to meet the most demanding requirements. Our Tuiliq is inspired by the old traditional Inuit clothing, uncluttered, and with very soft and comfortable materials. Its cut is wide so as not to hinder your manoeuvres. The Tuiliq is made of 3 mm neoprene, double-sided nylon. The front of the bonnet and the cuffs are made of 3mm neoprene with a smooth surface to ensure maximum waterproofing and optimise comfort. The Tuiliq Nautiraid fits all Ocean coamings and small coamings up to 75cm long.

Size chart:  
S/M: height from 1.50 m to 1.70 m, weight up to 60 kg  
M/L: height from 1.65 m to 1.80 m, weight up to 80 kg  
L/XL: height 1.80 m, weight 80 kg
